# This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

**\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.**

**TRADE!** You like  
to patronize those concerns  
who are in business to stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quick and other schemers have little use for directory advertising. It lives too long.

The modern City Directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

If you are not advertising your business in the Directory, may we explain how and why it will pay you?
